§653. Hearings; bureau review; appeal

1. Hearings. The municipal officers or, in the case of unincorporated places, the county commissioners of the county in which the unincorporated place is located, may hold a public hearing for the consideration of applications for new on-premises licenses and applications for transfer of location of existing on-premises licenses. The municipal officers or county commissioners may hold a public hearing for the consideration of requests for renewal of licenses, except that when an applicant has held a license for the prior 5 years and a complaint has not been filed against the applicant within that time, the applicant may request a waiver of the hearing.

A. The bureau shall prepare and supply application forms. [1993, c. 730, §27 (AMD).]

B. The municipal officers or the county commissioners, as the case may be, shall provide public notice of any hearing held under this section by causing a notice, at the applicant's prepaid expense, stating the name and place of hearing, to appear on at least 3 consecutive days before the date of hearing in a daily newspaper having general circulation in the municipality where the premises are located or one week before the date of the hearing in a weekly newspaper having general circulation in the municipality where the premises are located. [1995, c. 140, §4 (AMD).]

C. If the municipal officers or the county commissioners, as the case may be, fail to take final action on an application for a new on-premises license or transfer of the location of an existing on-premises license within 60 days of the filing of an application, the application is deemed approved and ready for action by the bureau. For purposes of this paragraph, the date of filing of the application is the date the application is received by the municipal officers or county commissioners. This paragraph applies to all applications pending before municipal officers or county commissioners as of the effective date of this paragraph as well as all applications filed on or after the effective date of this paragraph. This paragraph applies to an existing on-premises license that has been extended pending renewal. The municipal officers or the county commissioners shall take final action on an on-premises license that has been extended pending renewal within 120 days of the filing of the application. [2003, c. 213, §1 (AMD).]

D. If an application is approved by the municipal officers or the county commissioners but the bureau finds, after inspection of the premises and the records of the applicant, that the applicant does not qualify for the class of license applied for, the bureau shall notify the applicant of that fact in writing. The bureau shall give the applicant 30 days to file an amended application for the appropriate class of license, accompanied by any additional license fee, with the municipal officers or county commissioners, as the case may be. If the applicant fails to file an amended application within 30 days, the original application must be denied by the bureau. The bureau shall notify the applicant in writing of its decision to deny the application including the reasons for the denial and the rights of appeal of the applicant. [1995, c. 140, §5 (NEW).][2003, c. 213, §1 (AMD) .]

2. Findings. In granting or denying an application, the municipal officers or the county commissioners shall indicate the reasons for their decision and provide a copy to the applicant. A license may be denied on one or more of the following grounds:

D. Repeated incidents of record of breaches of the peace, disorderly conduct, vandalism or other violations of law on or in the vicinity of the licensed premises and caused by persons patronizing or employed by the licensed premises; [1989, c. 592, §3 (AMD).]

E. A violation of any provision of this Title; [2009, c. 81, §1 (AMD).]

G. After September 1, 2010, server training, in a program certified by the bureau and required by local ordinance, has not been completed by individuals who serve alcoholic beverages. [2009, c. 81, §3 (NEW).]
[2009, c. 81, §§1-3 (AMD) .]

3. Appeal to bureau. Any applicant aggrieved by the decision of the municipal officers or county commissioners under this section may appeal to the bureau within 15 days of the receipt of the written decision of the municipal officers or county commissioners. The bureau shall hold a public hearing in the city, town or unincorporated place where the premises are situated. In acting on such an appeal, the bureau may consider all licensure requirements and findings referred to in subsection 2.

A. [1993, c. 730, §27 (RP).]

B. If the decision appealed from is an application denial, the bureau may issue the license only if it finds by clear and convincing evidence that the decision was without justifiable cause. [1993, c.730, §27 (AMD) .]

Public Addressing the Council...(5 minute limit per speaker; 30 minute total time limit):
One citizen addressed his comments to the Council.

City Manager Report:

City Manager, James Bennett noted the following:

- 1) A preliminary look at the end-of-year numbers show that the FY18 Budget will close in the positive.
- 2) Clarified that it has been erroneously reported that the Lincoln Street CSO work is being done to benefit the Lincoln Mill Project. The work being done has been scheduled as part of the overall CSO schedule of projects, and is not intended to benefit any one developer or other project.
- 3) Admitted that the City poorly handled the communication aspect of the South Street Project, which is currently underway. He regrets the lack of communication with the residents in that area, and ensures that communication about future projects will be handled in a much better manner. He also noted that while the South Street Project was originally anticipated to end in October; it looks like the project won't wrap up until sometime in December due to issues that Maine Water Company has run into.

Other Business:

Councilor Lessard: suggested that the Council hold a Workshop in the near future (and well before the start of the FY20 Budget process), to discuss a three to four year plan for capital improvements; as well as to discuss the impact the CIP budget will have on the taxpayers.

Councilor Foley: was pleased to announce that a Public Listening Meeting has been scheduled for September 19th from 6:00-8:00pm at the Community Center to hear citizens' concerns and ideas about the future of the J. Richard Martin Community Center.

Councilor Quattrone: acknowledged Carl Walsh and the Recreation Department for the outstanding summer camp put on this summer season. Councilor Quattrone suggested an increase in the Recreation Department budget (and possibly the School Department to make certain budget adjustments) so that they may better service more programs in order to reach even more children.

Councilor Swanton: announced that the Public Works Department has been leaving recycling flyers on all recycling bins to remind folks of what is acceptable and not acceptable recyclables. There is an aggressive plan in place to gain compliance of the recycling program; and therefore, to avoid additional charges from Casella.

Councilor Swanton mentioned that he gets a lot of inquiries about when Pool Street will

be re-paved. He explained that Pool Street is a State road, and therefore, maintained by the State. Pool Street is currently slated to be re-paved in 2020; however, he encouraged folks to reach out to the State Legislators to move the project up to this year.

Councilor McCurry: stated that he works in the recycling industry, and he fully understands what is happening with the current recycling trends. He would like to see of list of items that are no longer acceptable recyclables (that used to be acceptable), per Casella.

Council President Addressing the Council: Councilor McCurry agrees with Councilor Lessard about scheduling a Council Workshop to discuss the CIP Budget for the next few fiscal years; and to give the City Manager a clear direction of what the Council wants with regard to future CIP budgeting.

Councilor McCurry reminded folks that school is back in session starting next week, and urged everyone to be watchful and safe.

Mayor Addressing the Council: Mayor Casavant thanked Dirigo Brewing for their support of the Biddeford Career Firefighters with the new release of their beer, “Big Water.” Partial proceeds of Big Water beer will be given to the Fire Victims Fund, which is administered through the City’s General Assistance Office.

(b) Special note:

[Added 8-17-2010 by Ord. No. 2010.89](1)

- (1) Building and facility improvements/renovations at Biddeford High School are scheduled to be on-going through the school year ending in year 2012. During these renovations, it is expected that available parking at or near the high school for both students and faculty will be severely limited. Although parking by permit only zones have been created adjacent to the high school, and at the Rochambeau Club, it is anticipated that students will park their vehicles wherever they can on neighboring streets, streets that are wholly inadequate to accommodate parking, and thereby create a serious concern for the public's safety. For the foregoing reasons, the following streets are designated as limited to parking during school hours over the next two years. This ordinance change will be in full force and effect until the end of the school year in 2012, or until renovations at the high school have been sufficiently completed to no longer have a negative impact on parking within the surrounding neighborhoods, at which time this order will be vacated.
- (2) The below listed changes are not intended to nullify existing established no parking zones within these streets, but rather, are intended to supplement and further define restricted parking.
- (3) A vehicle found in violation of these parking restrictions may, in addition to being issued a notice of violation, be towed at the owner's expense.
