Marine Emergency Response System

Background – On May 19, 2023, tragedy was narrowly avoided when three inexperienced kayakers launched mid-?de at Vines Landing. They capsized immediately and were swept from the Pool, ultimately becoming stranded on Lobster Rock. Fortunately, an experienced boater launched a small vessel and at his own risk, rescued the kayakers.

The result, Biddeford's Harbor Commission in cooperation with Biddeford's Police and Fire Departments have developed a Marine Emergency Response System. Officer Rob Simmons and Chief Larry Best will introduce this new response system to Council members.

[3-19-2024 Marble Block TIF - BRIEF](#)

Motion Councilor Mills
Second Councilor Belanger

City Manager Jim Bennett – this proposal takes the balance and sets up to tax shelter, use it for affordable housing and pedestrian/bicycle infrastructure improvements. It allows the Council to change the formula if they want. He also commented on the current budget and how the ability to tax shelter or spend certain amounts can impact the State revenue sharing.

Councilor Ortiz – agrees with the three areas that this will support and supports this order.

Councilor Emhiser – motion to amend the application to reduce the Pedestrian Connector by \$150,000 and add \$150,000 to the Affordable Housing portion of the utilization of TIF funds.
Second: Councilor Mills

Councilor Belanger – question if TIF percentages and dollar values can be amended in the future.

City Manager Bennett stated they can go through the amendment process.

Vote on the amendment: 8 yeas, Councilors LaFountain, Ortiz, Emhiser, Whiting, Beaupre, Mills, Schlaver and Belanger.

1 nay – Councilor Lessard.

Amendment passed.

Vote on the order as amended: 7 yeas: Councilors Ortiz, Emhiser, Whiting, Beaupre, Mills, Schlaver and Belanger.

2 nays – Councilors LaFountain and Lessard.

Motion passed.

10.c. 2024.35 Approval/Emergency Operations Plan

[City Council EOP Brief](#)

BE IT FURTHER ORDERED that in accordance with the provisions set forth under Article IV Special Events the City Council of the City of Biddeford Grants the Special Events permit application for the Chamber of Commerce Beach Bash Event.

BE IT FURTHER ORDERED, that in accordance with the provisions set forth under Article V Sales, Possession and Consumption of liquor at and during Special Events on City Public Property. The City Council of the City of Biddeford does hereby grant approval for the Chamber of Commerce Beach Bash event (Blaze Brewing)

Attest by:_____

Biddeford Beach Bash II – City Council Request / Background

The Biddeford & Saco Chamber of Commerce, in conjunction with other Biddeford businesses, are seeking council approval for another Saturday afternoon event at Gilbert Boucher Park (Biddeford Pool Beach) on June 15th, 2024 (rain date alternative – Sunday June 16th).

The event is basically a beach party to celebrate the arrival of summer. The area of the beach used for the event is roped off, on the right side of the beach (facing the ocean), does not block access to the beach from the two main boardwalks, and is free and open to the public. It features music, games (like cornhole and volleyball), a sandcastle building contest, food trucks, soft drinks, and also the option for participants to buy beer from a co-sponsoring local business - Blaze Brewery (hence the need for council approval since alcohol is envisioned to be part of the event). Since alcohol is part of it the event includes security and ID checking / strict purchase and usage parameters.

In 2023, the first “Biddeford Beach Bash” was held over Memorial Day weekend, and it was a bit of a test case to see how it would go ... and it went better than we had anticipated! We had about 200 people come through into the roped-off area over the course of the afternoon. And the best part of having one of these under our belts now is we can apply the lessons learned from the inaugural event to year two – key takeaways:

- Do NOT have the event over Memorial Day Weekend, that 3-day weekend is already busy enough for Biddeford Pool (we are asking for June 15th this year)
- 1 Food Truck was not enough to meet demand (we’d like to have 2-3 this year)
- The Parking Shuttle from UNE, courtesy of the Biddeford Rec. Dept., worked out great, resulting in minimal traffic/parking issues.
- While naturally there were pre-event questions and concerns from nearby neighbors before the inaugural event in May 2023, we did not hear of any complaints about the loudness of the music or crowds after the event (we did our best to be as non-intrusive as possible).

It is our hope that this becomes a much-loved, fun and relaxing local summer kick-off tradition in Biddeford leveraging our most beautiful park in the city, the beach!

APPLICATION NUMBER: 24-02-021

**INDEMNIFICATION AND RELEASE PROVISIONS
CITY OF BIDDEFORD SPECIAL EVENT PERMIT**

EFFECTIVE 7-6-2017 THE FOLLOWING

FEES WILL APPLY:

BO50	Administrative fee	\$25.00
BO51	Parade Permit fee	\$50.00
BO52	Block Party Permit fee	\$75.00
BO53	Mass Gathering fee	\$100.00

A. In consideration for being permitted to use the facilities and/or rights-of-way of the City of Biddeford, (hereinafter "City"), Biddeford + Saco Chamber of Commerce
(insert name of person/entity seeking permission to use facilities and/or right-of-way, hereinafter "Applicant") agrees to indemnify and hold harmless the City, its officers, employees, and insurers, from and against all liability, claims, and demands, which are incurred, made, or brought by any person or entity on account of damage, loss, or injury, including without limitation claims arising from property loss, or damage, bodily injury, personal injury, sickness, disease, death, or any other loss of any kind whatsoever, which arise out of or are in any manner connected with the use of the facilities and/or rights-of-way, whether any such liability, claims, and demands result from the act, omission, negligence, or other fault on the part of the City, its officers, or its employees, or from any other cause whatsoever.

B. By signing below, Applicant agrees that in the event of damage, loss or injury to the facilities or to any property or equipment therein or to the City rights-of-way, the City may deduct from any damage deposit the full amount of such damage, loss, or injury. Applicant further agrees that if such damage, loss, or injury exceeds the amount of the damage deposit, Applicant will promptly reimburse the City for all costs associated therewith upon billing by the City.

C. In addition, in consideration for being permitted or allowed to use the facilities and/or right-of-way, Applicant on behalf of itself and its officers, employees, members, and participants, hereby expressly exempts and releases the City, its officers, employees, insurers, from and against all liability, claims, and demands, on account of injury, loss, or damage, including without limitation claims arising from property loss or damage, bodily injury, personal injury, sickness, disease, or death, that Applicant may incur as a result of such use, whether any such liability claims and demands result from the act, omission, negligence, or other fault on the part of the City, its officer, or its employees, or from any other cause whatsoever.

D. In addition, Biddeford + Saco Chamber of Commerce has furnished and attached two copies of certificates of insurance with the City of Biddeford named as an additional insured in the amount of \$400,000 unless a greater amount is warranted.

APPLICATION NUMBER: _____

CITY OF BIDDEFORD
SPECIAL EVENT APPLICATION

City of Biddeford
P.O. Box 586
Biddeford, ME 04005

Name of Event Biddeford Beach Bash Location of Event Gilbert Beach Park / Bid. Pool Beach
Date of Event: June 15th Start Time 11:00am Finish Time 6:00pm

Detailed and specific description of Event (attached separate sheet if necessary)

This would be the second one after last year's inaugural event. It's a
"beach party" featuring games, music, food + beverages. We'd apply
the learnings of what went well and didn't last year. More than one
food truck would be needed. We would not ask for a date on Memorial
Day Weekend like last year. It would finish earlier than last year.

Estimated # of Participants 4-5 Bands Estimated Attendance 200 people

Type of Event:

- ☒ Festival/Fair With Alcohol: Yes: ☒ ** No: ☐
☐ Race/Walk/Bike Ride
☐ Concert
☐ Parade/March
☐ Other – Please Specify: _____

**** NOTE:** If alcohol is being sold, or otherwise available, permission must be obtained through application at City Clerk's Office, and must be approved by the City Council. If alcohol is sold, this requires applicable State of Maine Liquor license to sell alcohol. List contact name and address of licensee:

Chris Pradis - Blaze Brewery
(Sold only in fenced-off, controlled area)

APPLICATION NUMBER: _____

What impact will this have upon the surrounding neighborhood? (Noise, Traffic, etc.) Please explain:

There will be music and normal beach traffic for a summer weekend.
The parking lot would need to accommodate 2-3 food trucks.

Describe the means by which the neighborhood (residents and businesses) will be notified of this event and its public hearing:

Signage, communication to the BPCC, online media.

Agenda Item No: 10.e

Item Description: Bath House Building Project

Submitted by: Lisa Thompson, Recreation Deputy Director

Supporting Information/Documentation:

- Map of Bath House beach parking lot
- Examples of building design options

Key Terms:

N/A

Executive Summary:

- Request to begin the process for replacement of the bathhouse located at Gilbert Boucher Park.

Detailed Review:

The Recreation Department is looking for direction to begin the process for replacement of the Bath House at Gilbert Boucher "Pool" Beach, which was destroyed in a storm on January 13, 2024.

The bathhouse provides a space for the lifeguard staff to store safety equipment for all of the beaches in our jurisdiction including Middle Beach and Fortunes Rocks beach. It also provides a triage space and command center for any injuries or emergencies as well as toilets and showers for the public. The new facility needs to provide all of this; could also include room for concessions. The parking lot is also in need of a reconfiguration plan and upgrade; this could be included along with the new build for the bathhouse.

Options could include:

1. Engage the services for an architect to design a new facility
2. Design Build with a contractor via an RFP process

Septic options need to be considered, including

- The existing septic, located near the site of the previous bathhouse, is near 30 years old. The new site could connect to this existing system and replaced, TBD.
- The new facility could be connected to the city sewer system, which is approximately 550 ft. from the new building site. This would be a large fixed cost upfront but would be efficient and cost productive in the future.

- Install a new septic system at the site of the new build.

Timing is essential with this project. Construction should happen in October 2024, outside of Piping Plover season, and conclude to be open for May, 2025.

Funding Source:

As recommended by the City Manager

Staff Recommendation:

Staff recommend developing a scope of work and engaging in the RFP process with local contractors for a Design Build for a new bathhouse.

Amendment: 4.2.24

- Staff recommend moving the new building away from the beach entrance and installing a new septic and leach field to go with the new build.
Staff is recommending a new septic design. The existing system is over thirty years old. Location with today's storm events are not a good location. The Recirculating Biological Contactors off from Stone cliff cannot take the extra flow at this time per the Director and his staff. Reasons for this are loading and Gallons per day per the Department of Environmental protections permit. Staff will be pulling the Water billing to see how many gallons of water are being used at the bathhouse. This will give the wastewater department more data, detail, and making the correct decision going forward. Director of his designee Alex Buechner can explain more detail if needed.
- Staff recommend a design build through an RFP process for the replacement of the bath house building.
- Staff recommend developing a scope of work that also includes upgrading the parking lot to provide marked spaces and signage to allow for more parking and safe entry and exits for cars and emergency vehicles. Engineering is working on the layout of parking and drainage.

City of Biddeford

The seal of the City of Biddeford, Maine, is circular. It features a central illustration of a lighthouse on a rocky shore with trees. The words "CITY OF BIDDEFORD" are inscribed around the top inner edge, and "MAINE" is at the bottom. There are small stars on either side of the word "MAINE".

2024.37 IN BOARD OF CITY COUNCIL... March 19, 2024

BE IT ORDERED, that the Biddeford City Council does hereby direct the City Manager to begin the procurement process to seek replacement options for the Bath house at Gilbert Boucher Park.

- Estimate from Biddeford Public Works

Executive Summary:

The Biddeford Public Works Department is looking for the approval for the installation of a new Asphalt Walkway on the back side off the Parking garage coming from Upper Falls way to the bottom of Pearl Street and Pearl Point Park. This will interconnect the new proposed walkway to the existing sidewalk on Pearl Street. This will allow safe access to the parking garage and back to Upper Falls way.

Detailed Review:

As Part of the (JDA) Joint development agreement and the overall plan developed years ago. The City agreed to add this proposed walking path to get pedestrians from upper falls way to the parking garage. This request will also add three Light pole bases, three poles and thee solar light heads. All conduits needed will be ran and capped from the light poles for power for both the lights and cameras at a later date. The walking path will be constructed and surfaced with Asphalt paving. The new walking path will be constructed 60" wide X 240' long. This width will allow the walkway to be plowed during winter operations.

Funding Source:

CDBG Funding. This is an eligible use of CDBG funds. Balance of \$50,000

Staff Recommendation:

Public works reached out to our light contractor. Staff recommends going with Electrical Controls of Maine for the lighting system. Public works will Build and pave the 240' of Asphalt Walkway (Around Existing Underground storm water Tank). Loam and seed around entire area will be needed. Staff is requesting Council to approve the entire \$50,000 of CDBG funding for this project.

City of Biddeford

The seal of the City of Biddeford, Maine, is circular. It features a central illustration of a lighthouse on a rocky shore with trees. The words "CITY OF BIDDEFORD" are inscribed around the top inner edge, and "MAINE" is at the bottom. The seal is flanked by two decorative, symmetrical scroll-like flourishes.

2024.41 **IN BOARD OF CITY COUNCIL... April 2, 2024**

BE IT ORDERED, that the city council Authorize the Public works department to move forward with the construction of walkway and lights adjacent to Pearl park and the storm tank allowing access to Upper falls way. This project not to exceed \$50,000 of CDBG funding.

The seal of the City of Biddeford, Maine, is circular. It features a central illustration of a lighthouse on a rocky shore with waves. The words "CITY OF BIDDEFORD" are inscribed around the top inner edge, and "MAINE" is at the bottom. There are small stars on either side of the word "MAINE".

2024. 42 IN BOARD OF CITY COUNCIL... April 2, 2024

BE IT ORDERED, that the city council Authorize the Public works department to hire truckers to move an estimated 4,148 C.Y of excess material located on the pearl street lot being hauled to the Andrews road for composting pads. Public works is also approved to have both areas paved per pricing of paving contract with Shaw Brothers Inc.

Attest by: _____

Finance Committee - City Council

Meeting Date: 4/2/2024

Meeting Time: 5:00 pm – 6:00 pm

Agenda Item No: 8.d

Item Description: 2024.42 Authorization of Trucking Excess soils Pearl Street / Paving.

Submitted by: Jeff Demers Public Works Director / Waste Water

Supporting Information/Documentation:

- RFP Hauling of Soils
- Truckers Bids
- Paving Estimate

Executive Summary:

The Public Works Department is seeking approval for the authorization to hire 11 trucks to haul 4,148 C.Y of material from the Parking garage site. Public works is also looking for the approval to move forward with paving both the leaf and brush compost areas at the Andrews road landfill.

Detailed Review:

Public Works is requesting that the City Council approve the hauling of excess material located on the Pearl street lot adjacent to the parking garage. This would equal out to approximately 230 loads. 230 loads of 18 C.Y size wheeler trucks. Taking approximately one hour round trip from Pearl Street to the Andrews road. Estimated to take 4 working days. Public works will have traffic control at Elm and Lincoln to allow trucks in and out.

Paving of the leaf compost area and paving of the brush storage area. Both pads are requirements by The Department of Environmental Division. Two separate pads are needed. One for Composting of Leaf, wood and yard waste. The other pad is going to be used for Wood waste processing. (Attached is the Facility design plans). Public works will use the paving bid pricing for the paving of these pads. (See attached estimate for paving).

Funding Source:

Estimate for trucking \$35,000 (Bid tab attached)

Estimate for paving \$172,024 (see attached)

Estimate to fine grade seed and hay \$4,500

Estimate Backhoe rental \$5,760

Estimate for dozer rental \$3,240

Grand total: Estimated at \$220,054

Staff Recommendation: Staff is recommending Council authorize public works to proceed forward with this project not to exceed \$235,000. Staff is requesting an additional \$15,000 for any unknowns. These funds are located in 31179-61015 with a balance of \$400,000.

MEMORANDUM

To: Mayor Grohman and Honorable City Council
Finance Committee

From: Brian S, Phinney, COO

cc: James Bennett, City Manager
Jeff Demers, Public Works Director

Date: March 31, 2024 (revised 04/02/24)

Re: Background Memo on 3 Lincoln Street Soil Stockpile Transportation and Andrews Road Landfill Wood Waste Processing and Compost Pads

On April 2, 2024 the Finance Committee and City Council, at their respective meetings, will be asked to approve the transportation of stockpiled soils from the 3 Lincoln Street site to the Andrews Road Landfill to facilitate the construction of compliant compost and wood waste processing pads. This memo provides background on the projects.

During design review of the Pearl Street Parking Garage and plans for overall development of the 3 Lincoln Street site the City Council authorized the construction of a site-wide stormwater management system. The system was installed underground on the Saco River side of the former Maine Energy Recover Company combustion stack. This allowed for stormwater permitting of the entire site rather than at each stage of development. Soil excavated to install the underground stormwater tank system and associated stormwater lines to the various 3 Lincoln Street lots were stockpiled onsite. In the State of Maine soils of this nature are required to be managed as special waste due to the status of the development site as a Brownfields site. This typically requires the soils to be transported to a regulated landfill for disposal at considerable cost.

At about the same time that the garage design and permitting stage was nearing its end the Maine Department of Environmental Protection (DEP) inspected the closed Andrews Road Landfill. During the inspection the DEP flagged the existing compost and wood waste processing areas as non-compliant. In order to continue to accept and process wood waste and convert the chipped wood waste to compost for park, roadside, planting bed and construction projects the two processing areas will need to meet current DEP design guidelines. These guidelines include compliance with certain geologic and spatial criteria. An initial review of these criteria indicated, among other things, that the depth to the water table was insufficient. As an option the sites could be built-up and an impervious pad installed at the working surface.

Given the availability of soil from the 3 Lincoln Street project and the option to use these soils at the Andrews Road Landfill to construct compliant compost and wood waste processing pads this turned out to be an economical solution worth pursuing – there would be no cost for disposal of the soils generated from the 3 Lincoln Street site and no cost for raw materials to build-up the site at Andrews Road. The initial estimate for just soil transportation and disposal at a licensed landfill was in the area of \$800,000-\$1,000,000 and still required the expense of constructing compliant wood waste processing and compost areas.

In order to move forward with the projects three permit approvals were needed. The first was a Beneficial Reuse Permit under 06-096 C.M.R. Chapter 418. This permit authorizes the use of the 3 Lincoln Street soil for construction of the wood waste processing and compost areas. The second permit was a Permit by Rule for Processing Wood Waste under 06-096 CMR Chapter 409. This permit authorizes the construction and operation of a compliant wood waste processing area. The facility may only process wood waste for mulch and compost. The facility is not allowed to accept painted wood, chemically treated wood, chipboard, plastic, wood with fasteners, nails, paint or coatings, or wood that is otherwise contaminated. The third permit was a Composting Facility Permit under 06-096 CMR Chapter 410. This permit allows the City to compost leaf and yard waste, wood chips and some vegetative wastes.

Although the permitting process turned out to be lengthy the overall savings to the City was well worth the time. The City has now received each of these permits and may begin the process of relocating the soil to Andrews Road to construct the compliant wood waste processing and compost pads. Relocating the soil will also ensure the site is available for development as 3 Lincoln, LLC's development plans progress.

(April 4, 2024 Update)

Funding for the project was discussed by the Capital Projects/Operations Committee and later by the City Council on July 19, 2022. The Capital Projects/Operations Committee sent the information to the City Council for review as an informal recommendation because the Committee did not have a quorum at the review meeting. A copy of the funding summary from the July 2022 meeting is attached to this memo. The Lincoln Street Soil Disposal earmark is found on the last page of the *FY23 Other Funds Summary* sheet.

As noted above, the preliminary estimate for soil disposal was \$800k to \$1M, revised down to \$400k once the beneficial reuse option became a viable option. DPW now estimates the construction costs to be \$220,524, adding a \$15,000 contingency the total is \$235,524. This is \$164,476 below revised earmark budget of \$400k.

PROPOSAL

PROPOSAL SUBMITTED TO: City of Biddeford	CC: File	DATE: March 25, 2024
ADDRESS: 371 Hill Street	JOB NAME: Compost Pads	FAX: (207) 286-9395
CITY, STATE, AND ZIP: Biddeford, ME	JOB LOCATION: Biddeford	PHONE: (207) 282-1579
ATTN: Jeff Demers	EMAIL: Jeff.Demers@Biddefordmaine.org	CELL:

Shaw Brothers Construction, Inc. will provide all necessary labor, equipment and materials to fingeade and pave two composting pads located at the Andrews Road Landfill as discussed between Jeff Demers and Mitch Elliott on 3/22/24. Our scope of work, clarifications and Lump Sum price are found below:

Scope of Work -

Mobilize Equipment
Finegrade area to be paved.
Furnish, place and compact 2.5" of 19mm HMA binder pavement.
Apply Tack Coat as needed.
Furnish, place and compact 1.5" of 12.5mm HMA surface pavement.
Cleanup and demobilize.

Bid Items Pad #1: 155' x 265'

						\$	98,369.00
Finegrade for Paving	4,564	SY	\$	1.00	\$	4,564.00	
2-1/2" of 19.0mm HMA Base	670	TON	\$	85.00	\$	56,950.00	
1-1/2" of 12.5mm HMA Surface	405	TON	\$	91.00	\$	36,855.00	

Bid Items Pad #2: 90' x 340'

						\$	73,655.00
Finegrade for Paving	3,400	SY	\$	1.00	\$	3,400.00	
2-1/2" of 19.0mm HMA Base	500	TON	\$	85.00	\$	42,500.00	
1-1/2" of 12.5mm HMA Surface	305	TON	\$	91.00	\$	27,755.00	

Clarifications/Exclusions:

All pavement mixes and paving equipment to meet MDOT specifications.
Federal, State, and local permits and fees are not included.
All work to be done Mon. thru Friday during daytime hours. Night & weekend work pricing has not been included.

We Propose hereby to furnish material, labor and equipment to complete the work described above for the lump sum of:

See Above

-----See Above-----

Payment to be made as follows: Net 30 days

Interest at 1.5 percent per month on accounts over 30 days. Collection costs and reasonable attorney's fees will be added to account.

All material is guaranteed to be as specified. All work to be completed in a workmanlike manner according to standard practices. All alteration or deviation from above specifications involving extra costs will be executed only upon written orders, and will become an extra charge over and above the estimate. All agreements contingent upon strikes, accidents, or delays beyond our control. Owner to carry fire, tornado, and other necessary insurance. Our workers are fully covered by Workers Compensation Insurance.

City Council

Meeting Date: April 2, 2024

Meeting Time: 6:00 pm

Agenda Item No: 8.e. 2024.43

Item Description: Approval/Opioid Use Settlement Funds refer to Policy Committee

Submitted by:

Supporting Information/Documentation:

- Opioid Use Settlement Fund Draft Ordinance
- Maine Memorandum of Understanding Regarding Opioid Settlement Funds
- Maine Opioid Settlement Payments-Estimated-by Entity 2024.3.11
- Maine Opioid Settlement Payments-Actual-by Entity 2024.3.11

Key Terms:

- Opioid Crisis: A nationwide public health emergency concerning the excessive use of and addiction to opioids, including prescription pain relievers, heroin, and synthetic opioids.
- Opioid Settlement: A series of legal agreements involving multiple states, mandating major pharmaceutical companies to pay reparations to states, counties, and municipalities with populations exceeding 10,000, due to their role in the opioid epidemic.
- Opioid Use Settlement Fund: A dedicated account proposed for the management, tracking, and reporting of revenues and expenses linked to the opioid settlement.

Executive Summary:

The City of Biddeford, like many other U.S cities, has been deeply affected by the opioid crisis. As part of the opioid settlement, the city is projected to receive approximately \$1,818,254 by 2038, averaging \$106,956 annually. To ensure these funds are allocated transparently and effectively, the "Opioid Use Settlement Fund Tracking and Reporting Ordinance" has been formulated.

Detailed Review:

The Opioid Use Settlement Fund Tracking and Reporting Ordinance mandates:

- The establishment of a dedicated "Opioid Use Settlement Fund" account.
- Annual reporting to the City Council on the fund's status.
- Approval of a strategic plan every two years by the City Council, detailing the goals and pre-approved operational use of these funds.

These mandates have been proposed to help guide the allocation of settlement funds towards addressing the multifaceted challenges of the opioid epidemic. This process underscores the City's dedication to transparency, accountability, and a strategic vision in managing these funds. Considering the past and present impact of the opioid epidemic on the community, it is recommended to have structured mechanisms in place to facilitate the effective channeling of settlement funds to benefit the most impacted members of our city and support recovery efforts.

Funding Source:

Opioid Use Settlement. An estimated total of \$1,818,254 is projected to be received by 2038, with an average annual allocation of \$106,956. These allocations are front-loaded, experiencing a significant decrease starting in 2032.

Staff Recommendation:

Neutral

2024.43

IN BOARD OF CITY COUNCIL April 2, 2024

BE IT ORDERED, that the Biddeford City Council does hereby refer the draft Opioid Use Settlement Fund Tracking and Reporting Ordinance to the Policy Committee for review and recommendations.

BE IT FURTHER ORDERED, that the Policy Committee return a recommendation for a fully developed Opioid Use Settlement Fund Tracking and Reporting Ordinance to the City Council for adoption.

**MAINE STATE-SUBDIVISION MEMORANDUM OF UNDERSTANDING AND
AGREEMENT REGARDING USE OF SETTLEMENT FUNDS-2023**

Whereas, the people of the State of Maine and its communities have been harmed by misfeasance, nonfeasance and malfeasance committed by certain entities within the Pharmaceutical Supply Chain; and,

Whereas, the State of Maine, through its Attorney General, and certain Subdivisions, through their elected representatives and counsel, are separately engaged in litigation seeking to hold Pharmaceutical Supply Chain Participants accountable for the damage caused by their misfeasance, nonfeasance and malfeasance; and,

Whereas, the State of Maine, through its Attorney General, and its Subdivisions share a common desire to abate and alleviate the impacts of that misfeasance, nonfeasance and malfeasance throughout the State of Maine;

Now therefore, the State and its Subdivisions, subject to completion of formal documents effectuating the Parties' agreements, enter into this Memorandum of Understanding ("MOU") relating to the allocation and use of the proceeds of Settlements described.

This agreement is subject to the requirements of the Subsequent Opioid Settlements, as defined herein, as well as applicable law. Terms used in this MOU have the same meaning as in those used in the Subsequent Opioid Settlements unless otherwise defined herein.

I. DEFINITIONS

A. "2022 State-Subdivision MOU" shall mean the agreement titled 'Maine State-Subdivision Memorandum of Understanding And Agreement Regarding Use of Settlement Funds', dated January 26, 2022 and as amended on June 13, 2022.

B. "Approved Uses" shall mean those uses identified in the List of Opioid Remediation Uses, attached as Exhibit E to the National Opioid Settlement, and those uses identified as "Approved Opioid Abatement Uses" in Schedules A and B to Exhibit G to the Notice of Filing of Eighth Plan Supplement Pursuant to the Fifth Amended Joint Chapter 11 Plan of Reorganization of Purdue Pharma L.P. and its Affiliated Debtors, In re: Purdue Pharma L.P., et al., Case No. 19-23649-RDD, Dkt. 3121 (Bankr. S.D. N.Y. July 8, 2021), and attached as Exhibits I and 2 to the 2022 State-Subdivision MOU and attached hereto as Exhibits 1 and 2.

C. "Direct Share Subdivisions" means a plaintiff subdivision that has filed a complaint against a Pharmaceutical Supply Chain entity and/or a subdivision with a population equal to or greater than 10,000. For the avoidance of doubt, the 39 eligible Direct Share Subdivisions are as identified on Exhibit 3 hereto.

D. "Effective Date" means the first date on which a court of competent jurisdiction,

including any bankruptcy court, enters a Subsequent Opioid Settlement by order or consent decree.

E. The "Maine Recovery Fund" means the fund created by the 2022 State-Subdivision MOU, the funds of which will be used for the purposes of opioid abatement.

F. The "National Opioid Settlement" means the National Distributor and J&J Settlements Agreement, dated as of July 21, 2021, and any revision thereto.

G. "Opioid Funds" means all funds allocated by any Subsequent Opioid Settlement to the State or Direct Share Subdivisions for purposes of opioid abatement activities. Not included are funds made available in any Subsequent Opioid Settlement for the payment of the Parties' litigation expenses or the reimbursement of the United States Government.

H. "Pharmaceutical Supply Chain" shall mean the process and channels through which Controlled Substances are manufactured, marketed, promoted, distributed or dispensed.

I. "Recovery Fund Council" means the Council created in Section III of the 2022 State-Subdivision MOU.

J. "Subsequent Opioid Settlement" means a statewide settlement reached with a non-bankrupt manufacturer of, distributor of, or pharmacy prescribing, opioids subsequent to the National Opioid Settlement pursuant to which certain Maine political subdivisions are eligible to participate and share in funds for opioid abatement ("Opioid Funds") in exchange for releases.

II. DISTRIBUTION OF FUNDS

A. **Applicability of Agreement.** Unless otherwise stated in this Agreement, these terms shall apply to any Subsequent Opioid Settlement.

B. **Approved Uses.** All Opioid Funds, regardless of allocation, shall be utilized for approved uses. The Parties in Section II.C are strongly encouraged to use Opioid Funds solely to supplement and strengthen, rather than supplant, resources for the approved uses described herein including for opioid use disorder prevention, harm reduction, treatment and recovery.

C. **Division of Funds.** All Opioids Funds allocated to the State of Maine and the Subdivisions are to be distributed as follows:

1. **20%** to the State of Maine Attorney General to be used on Approved Uses.
2. **30%** to the Direct Share Subdivisions for spending on Approved Uses to be allocated in accordance with Exhibit 3.
3. **50%** to be placed in the Maine Recovery Fund which are to be spent on Approved Uses as directed by the Recovery Council.

The Direct Share Subdivisions' shares shall be distributed directly to each Direct Share Subdivision by the National Settlement Administrator. Monies in the Maine Recovery Fund shall be distributed by the Treasurer of the State as described below. Any Direct Share Subdivision may form agreements or ventures or otherwise work in collaboration with federal, state, local, tribal or private sector entities in pursuing Opioid Remediation activities funded from their directshare distribution or funded by the Recovery Fund. Because the State did not hire outside counsel, any funds for attorney fees that the State receives from the Supplemental Opioid Settlements will be deposited into the Attorney General's share.

III. THE MAINE RECOVERY COUNCIL

The parties agree that the existing Maine Recovery Council, as established by Section III of the 2022 State-Subdivision MOU, shall administer payments made to the Recovery Fund from any Subsequent Opioid Settlement. Except as otherwise stated in this Agreement, the terms of Section III of the 2022 State-Subdivision MOU shall govern the establishment, existence, and operation of the Recovery Council. In the event the 2022 State-Subdivision MOU is terminated or otherwise ceases to be in effect, the terms of this Section III shall govern the establishment, existence, and operation of the Recovery Council.

A Recovery Fund Council (the "Council") consisting of representatives appointed by the State and subdivisions, shall be created to direct the disbursement of recovery funds for recovery purposes on a statewide basis for the uses allowed by this MOU.

Membership: The Recovery Council shall consist of eleven (11) members, who shall serve in their official capacity only.

Subdivision Members: The Recovery Council shall include at least 4 members from the plaintiff cities or counties to be selected by them.

State Members. Four (4) members shall be appointed by the State as follows:

- a. The Governor shall appoint two members
- b. The Speaker of the House or his designee
- c. The President of the Senate or his designee

Public Members. The Attorney General shall appoint three (3) public members from among the following:

- a. Individuals or family members impacted by the Opioid Crisis
- b. Individuals with substance use disorder and recovery community experience,
- c. Public health experts in treatment and or prevention.

The Legislature may add members to the Council for up to a maximum of fifteen (15).

Terms: The Recovery Council shall be established within ninety (90) days of the Effective Date and initial members appointed. Members may serve no more than two (2) consecutive two-

year terms, for a total of four (4) consecutive years.

Duties: The Recovery Council is primarily responsible for ensuring that the distribution of Recovery Funds complies with the terms of the MOU and the Agreement entitled “Maine School Administrative Units’ Inclusion in Maine’s Recovery Fund”. It shall meet at least twice within each calendar year either in person or via a remote meeting method as allowed by Maine law.

Governance: The Recovery Council shall draft its own bylaws or other governing documents, which must include appropriate conflict of interest provisions, in accordance with this MOU and the following principles:

- a. **Authority:** The Recovery Council does not have any rulemaking authority. The terms of the MOU and Agreement and any Settlement, as entered by a Court of competent jurisdiction control the authority of the Recovery Council and the Recovery Council shall not stray outside the bounds of the authority and power vested by this MOU and any Court approved Settlement.
- b. **Administration:** The Recovery Council is responsible for accounting of all Recovery Funds and for releasing Recovery Funds.

Transparency: The Recovery Council shall operate with all reasonable transparency and in compliance with Maine’s Freedom of Access Law 1 MRS sections 401 et seq.

The Recovery Council shall develop a centralized public dashboard or other repository for publication of expenditure data from any party or Regional Council that receives Recovery Funds. The Council may require outcome related data from any entity that receives Recovery Funds. For purposes of funding the centralized dashboard, the Council shall make every effort to use existing state resources.

Collaboration: The Recovery Council shall facilitate collaboration among the State, subdivisions, Regional Councils and other stakeholders for the purposes of sharing data, outcomes, strategies and other relevant information related to abating the opioid crisis in Maine.

Decision Making: The Recovery Council shall make all decisions by consensus. In the event consensus cannot be achieved, unless otherwise required by this MOU, the Council shall make decisions by 3/5 vote of its members.

Legal Representation: The Attorney General shall provide legal counsel and administrative support to the Recovery Council. The Council may use funds to hire additional administration support if necessary.

Compensation: No member of the Recovery Council shall be compensated for their work related to the Recovery Council.

IV. THE MAINE RECOVERY FUND

A. Fund Established. The parties agree that the existing Maine Recovery Fund, as established by Section IV of the 2022 State-Subdivision MOU, shall receive payments allocated in Section II herein from any Subsequent Opioid Settlement. Except as otherwise stated in this Agreement, the terms of Section IV of the 2022 State-Subdivision MOU shall govern the establishment, existence, and operation of the Recovery Fund. In the event the 2022 State-Subdivision MOU is terminated or otherwise ceases to be in effect, the terms of this Section IV shall govern the establishment, existence, and operation of the Recovery Council.

B. The Maine Recovery Fund is established for the purposes specified in this agreement as a separate and distinct fund for accounting and budgetary reporting purposes.

C. Sources of Fund. The State Controller shall credit to the fund:

1. All money designated to the Maine Recovery Fund for abatement in this agreement from any Subsequent Opioid Settlement;
2. Money from any other source, whether public or private, designated for deposit into or credited to the fund; and
3. Interest earned or other investment income on balances in the fund.

D. Unencumbered Balances. Notwithstanding any provision to the contrary in Section IV.C of the 2022 State-Subdivision MOU, any unencumbered balance remaining at the end of any fiscal year remains part of the Maine Recovery Fund, the account within the Office of the Attorney General established pursuant to this section and may be made available for expenditure by the Recovery Council in the same manner as other money in the Fund.

E. General Fund Limitation. Notwithstanding any provision to the contrary in this section, any program, expansion of a program, expenditure or transfer authorized by the Legislature using the Maine Recovery Fund may not be transferred to the General Fund without specific legislative approval.

F. Restricted Accounts. The State Controller is authorized to establish separate accounts within the fund in order to segregate money received by the fund from any source, whether public or private, that requires as a condition of the contribution to the fund that the use of the money contributed be restricted to approved uses. Money credited to a restricted account established under this subsection may be applied only to the purposes to which the account is restricted.

G. Adjustment to Allocations. For state fiscal years beginning on or after July 1, the State Budget Officer is authorized to adjust allocations if actual revenue collections for the fiscal year are less than the approved legislative allocations. The State Budget Officer shall review the programs receiving funds from the fund and shall adjust the funding in the All Other line category to stay within available resources. These adjustments must be calculated in proportion to each account's allocation in the All Other line category in relation to the total All Other allocation for fund programs. Notwithstanding any other provision of law, the

allocation for the identified amounts may be reduced by financial order upon the recommendation of the State Budget Officer and approval of the Governor. The State Budget Officer shall report annually on the allocation adjustments made pursuant to this subsection to the joint standing committee of the Legislature having jurisdiction over appropriations and financial affairs and the joint standing committee of the Legislature having jurisdiction over health and human services matters by May 15th.

H. Separate Accounts; Annual Reporting. A state agency that receives allocations from the fund, and a county, a city, and a contractor or vendor that receives funding allocated from the fund shall maintain that money in a separate account and shall report by September 1st of each year to the Recovery Council providing a description of how those funds for the prior state fiscal year were targeted to the Approved Uses. The Attorney General shall by October 1st of each year compile the reports provided under this subsection and forward the information in a report to the joint standing committee of the Legislature having jurisdiction over appropriations and financial affairs and the joint standing committee of the Legislature having jurisdiction over health and human services matters. In addition to the compilation described in this subsection, the report must summarize the activity in any funds or accounts directly related to this section..

I. Legislative Committee Review of Legislation. Whenever a proposal in a resolve or bill before the Legislature, including but not limited to a budget bill, affects the fund, the Recovery Council, upon notice of the proposal from any source, may submit a request through its Chairperson to the joint standing committee of the Legislature having jurisdiction over the proposal, and to the joint standing committee of the Legislature having jurisdiction over health and human services matters, that the committee with jurisdiction over the proposal hold a public hearing and determine the level of support for the proposal among members of the committee. If there is support for the proposal among a majority of the members of the committee, the Recovery Council Chairperson may request that the committee request the joint standing committee of the Legislature having jurisdiction over health and human services matters review and evaluate the proposal as it pertains to the fund. The joint standing committee of the Legislature having jurisdiction over health and human services matters shall conduct the review and report to the committee of jurisdiction, to the joint standing committee of the Legislature having jurisdiction over appropriations and financial affairs, and to the Recovery Council.

The Maine State-Subdivision Memorandum of Understanding and Agreement Regarding Use of Settlement Funds-2023 is signed by:

AARON M. FREY
ATTORNEY GENERAL

Assistant Attorney General

Schedule A
Core Strategies

States and Qualifying Block Grantees shall choose from among the abatement strategies listed in Schedule B. However, priority shall be given to the following core abatement strategies (“Core Strategies”).¹

A. NALOXONE OR OTHER FDA-APPROVED DRUG TO REVERSE OPIOID OVERDOSES

1. Expand training for first responders, schools, community support groups and families; and
2. Increase distribution to individuals who are uninsured or whose insurance does not cover the needed service.

B. MEDICATION-ASSISTED TREATMENT (“MAT”) DISTRIBUTION AND OTHER OPIOID-RELATED TREATMENT

1. Increase distribution of MAT to individuals who are uninsured or whose insurance does not cover the needed service;
2. Provide education to school-based and youth-focused programs that discourage or prevent misuse;
3. Provide MAT education and awareness training to healthcare providers, EMTs, law enforcement, and other first responders; and
4. Treatment and Recovery Support Services such as residential and inpatient treatment, intensive outpatient treatment, outpatient therapy or counseling, and recovery housing that allow or integrate medication and with other support services.

C. PREGNANT & POSTPARTUM WOMEN

1. Expand Screening, Brief Intervention, and Referral to Treatment (“SBIRT”) services to non-Medicaid eligible or uninsured pregnant women;
2. Expand comprehensive evidence-based treatment and recovery services, including MAT, for women with co-occurring Opioid Use Disorder (“OUD”) and other Substance Use Disorder (“SUD”)/Mental Health disorders for uninsured individuals for up to 12 months postpartum; and

¹ As used in this Schedule A, words like “expand,” “fund,” “provide” or the like shall not indicate a preference for new or existing programs. Priorities will be established through the mechanisms described in the National Opioid Abatement Trust Distribution Procedures.

3. Provide comprehensive wrap-around services to individuals with Opioid Use Disorder (OUD) including housing, transportation, job placement/training, and childcare.

D. EXPANDING TREATMENT FOR NEONATAL ABSTINENCE SYNDROME

1. Expand comprehensive evidence-based and recovery support for NAS babies;
2. Expand services for better continuum of care with infant-need dyad; and
3. Expand long-term treatment and services for medical monitoring of NAS babies and their families.

E. EXPANSION OF WARM HAND-OFF PROGRAMS AND RECOVERY SERVICES

1. Expand services such as navigators and on-call teams to begin MAT in hospital emergency departments;
2. Expand warm hand-off services to transition to recovery services;
3. Broaden scope of recovery services to include co-occurring SUD or mental health conditions;
4. Provide comprehensive wrap-around services to individuals in recovery including housing, transportation, job placement/training, and childcare; and
5. Hire additional social workers or other behavioral health workers to facilitate expansions above.

F. TREATMENT FOR INCARCERATED POPULATION

1. Provide evidence-based treatment and recovery support including MAT for persons with OUD and co-occurring SUD/MH disorders within and transitioning out of the criminal justice system; and
2. Increase funding for jails to provide treatment to inmates with OUD.

G. PREVENTION PROGRAMS

1. Funding for media campaigns to prevent opioid use (similar to the FDA's "Real Cost" campaign to prevent youth from misusing tobacco);
2. Funding for evidence-based prevention programs in schools.;
3. Funding for medical provider education and outreach regarding best prescribing practices for opioids consistent with the 2016 CDC guidelines, including providers at hospitals (academic detailing);
4. Funding for community drug disposal programs; and

5. Funding and training for first responders to participate in pre-arrest diversion programs, post-overdose response teams, or similar strategies that connect at-risk individuals to behavioral health services and supports.

H. **EXPANDING SYRINGE SERVICE PROGRAMS**

1. Provide comprehensive syringe services programs with more wrap-around services including linkage to OUD treatment, access to sterile syringes and linkage to care and treatment of infectious diseases.

I. **EVIDENCE-BASED DATA COLLECTION AND RESEARCH ANALYZING THE EFFECTIVENESS OF THE ABATEMENT STRATEGIES WITHIN THE STATE.**

Schedule B
Approved Uses

Support treatment of Opioid Use Disorder (OUD) and any co-occurring Substance Use Disorder or Mental Health (SUD/MH) conditions through evidence-based or evidence-informed programs or strategies that may include, but are not limited to, the following:

PART ONE: TREATMENT

A. TREAT OPIOID USE DISORDER (OUD)

Support treatment of Opioid Use Disorder (OUD) and any co-occurring Substance Use Disorder or Mental Health (SUD/MH) conditions through evidence-based or evidence-informed programs or strategies that may include, but are not limited to, the following¹:

1. Expand availability of treatment for OUD and any co-occurring SUD/MH conditions, including all forms of Medication-Assisted Treatment (MAT) approved by the U.S. Food and Drug Administration.
2. Support and reimburse evidence-based services that adhere to the American Society of Addiction Medicine (ASAM) continuum of care for OUD and any co-occurring SUD/MH conditions
3. Expand telehealth to increase access to treatment for OUD and any co-occurring SUD/MH conditions, including MAT, as well as counseling, psychiatric support, and other treatment and recovery support services.
4. Improve oversight of Opioid Treatment Programs (OTPs) to assure evidence-based or evidence-informed practices such as adequate methadone dosing and low threshold approaches to treatment.
5. Support mobile intervention, treatment, and recovery services, offered by qualified professionals and service providers, such as peer recovery coaches, for persons with OUD and any co-occurring SUD/MH conditions and for persons who have experienced an opioid overdose.
6. Treatment of trauma for individuals with OUD (e.g., violence, sexual assault, human trafficking, or adverse childhood experiences) and family members (e.g., surviving family members after an overdose or overdose fatality), and training of health care personnel to identify and address such trauma.
7. Support evidence-based withdrawal management services for people with OUD and any co-occurring mental health conditions.

¹ As used in this Schedule B, words like “expand,” “fund,” “provide” or the like shall not indicate a preference for new or existing programs. Priorities will be established through the mechanisms described in the National Opioid Abatement Trust Distribution Procedures.

8. Training on MAT for health care providers, first responders, students, or other supporting professionals, such as peer recovery coaches or recovery outreach specialists, including telementoring to assist community-based providers in rural or underserved areas.
9. Support workforce development for addiction professionals who work with persons with OUD and any co-occurring SUD/MH conditions.
10. Fellowships for addiction medicine specialists for direct patient care, instructors, and clinical research for treatments.
11. Scholarships and supports for behavioral health practitioners or workers involved in addressing OUD and any co-occurring SUD or mental health conditions, including but not limited to training, scholarships, fellowships, loan repayment programs, or other incentives for providers to work in rural or underserved areas.
12. Provide funding and training for clinicians to obtain a waiver under the federal Drug Addiction Treatment Act of 2000 (DATA 2000) to prescribe MAT for OUD, and provide technical assistance and professional support to clinicians who have obtained a DATA 2000 waiver.
13. Dissemination of web-based training curricula, such as the American Academy of Addiction Psychiatry's Provider Clinical Support Service-Opioids web-based training curriculum and motivational interviewing.
14. Development and dissemination of new curricula, such as the American Academy of Addiction Psychiatry's Provider Clinical Support Service for Medication-Assisted Treatment.

B. SUPPORT PEOPLE IN TREATMENT AND RECOVERY

Support people in recovery from OUD and any co-occurring SUD/MH conditions through evidence-based or evidence-informed programs or strategies that may include, but are not limited to, the following:

1. Provide comprehensive wrap-around services to individuals with OUD and any co-occurring SUD/MH conditions, including housing, transportation, education, job placement, job training, or childcare.
2. Provide the full continuum of care of treatment and recovery services for OUD and any co-occurring SUD/MH conditions, including supportive housing, peer support services and counseling, community navigators, case management, and connections to community-based services.
3. Provide counseling, peer-support, recovery case management and residential treatment with access to medications for those who need it to persons with OUD and any co-occurring SUD/MH conditions.
4. Provide access to housing for people with OUD and any co-occurring SUD/MH conditions, including supportive housing, recovery housing, housing assistance

programs, training for housing providers, or recovery housing programs that allow or integrate FDA-approved medication with other support services.

5. Provide community support services, including social and legal services, to assist in deinstitutionalizing persons with OUD and any co-occurring SUD/MH conditions.
6. Support or expand peer-recovery centers, which may include support groups, social events, computer access, or other services for persons with OUD and any co-occurring SUD/MH conditions.
7. Provide or support transportation to treatment or recovery programs or services for persons with OUD and any co-occurring SUD/MH conditions.
8. Provide employment training or educational services for persons in treatment for or recovery from OUD and any co-occurring SUD/MH conditions.
9. Identify successful recovery programs such as physician, pilot, and college recovery programs, and provide support and technical assistance to increase the number and capacity of high-quality programs to help those in recovery.
10. Engage non-profits, faith-based communities, and community coalitions to support people in treatment and recovery and to support family members in their efforts to support the person with OUD in the family.
11. Training and development of procedures for government staff to appropriately interact and provide social and other services to individuals with or in recovery from OUD, including reducing stigma.
12. Support stigma reduction efforts regarding treatment and support for persons with OUD, including reducing the stigma on effective treatment.
13. Create or support culturally appropriate services and programs for persons with OUD and any co-occurring SUD/MH conditions, including new Americans.
14. Create and/or support recovery high schools.
15. Hire or train behavioral health workers to provide or expand any of the services or supports listed above.

**C. CONNECT PEOPLE WHO NEED HELP TO THE HELP THEY NEED
(CONNECTIONS TO CARE)**

Provide connections to care for people who have – or at risk of developing – OUD and any co-occurring SUD/MH conditions through evidence-based or evidence-informed programs or strategies that may include, but are not limited to, the following:

1. Ensure that health care providers are screening for OUD and other risk factors and know how to appropriately counsel and treat (or refer if necessary) a patient for OUD treatment.

2. Fund Screening, Brief Intervention and Referral to Treatment (SBIRT) programs to reduce the transition from use to disorders, including SBIRT services to pregnant women who are uninsured or not eligible for Medicaid.
3. Provide training and long-term implementation of SBIRT in key systems (health, schools, colleges, criminal justice, and probation), with a focus on youth and young adults when transition from misuse to opioid disorder is common.
4. Purchase automated versions of SBIRT and support ongoing costs of the technology.
5. Expand services such as navigators and on-call teams to begin MAT in hospital emergency departments.
6. Training for emergency room personnel treating opioid overdose patients on post-discharge planning, including community referrals for MAT, recovery case management or support services.
7. Support hospital programs that transition persons with OUD and any co-occurring SUD/MH conditions, or persons who have experienced an opioid overdose, into clinically appropriate follow-up care through a bridge clinic or similar approach.
8. Support crisis stabilization centers that serve as an alternative to hospital emergency departments for persons with OUD and any co-occurring SUD/MH conditions or persons that have experienced an opioid overdose.
9. Support the work of Emergency Medical Systems, including peer support specialists, to connect individuals to treatment or other appropriate services following an opioid overdose or other opioid-related adverse event.
10. Provide funding for peer support specialists or recovery coaches in emergency departments, detox facilities, recovery centers, recovery housing, or similar settings; offer services, supports, or connections to care to persons with OUD and any co-occurring SUD/MH conditions or to persons who have experienced an opioid overdose.
11. Expand warm hand-off services to transition to recovery services.
12. Create or support school-based contacts that parents can engage with to seek immediate treatment services for their child; and support prevention, intervention, treatment, and recovery programs focused on young people.
13. Develop and support best practices on addressing OUD in the workplace.
14. Support assistance programs for health care providers with OUD.
15. Engage non-profits and the faith community as a system to support outreach for treatment.

16. Support centralized call centers that provide information and connections to appropriate services and supports for persons with OUD and any co-occurring SUD/MH conditions.

D. ADDRESS THE NEEDS OF CRIMINAL-JUSTICE-INVOLVED PERSONS

Address the needs of persons with OUD and any co-occurring SUD/MH conditions who are involved in, are at risk of becoming involved in, or are transitioning out of the criminal justice system through evidence-based or evidence-informed programs or strategies that may include, but are not limited to, the following:

1. Support pre-arrest or pre-arraignment diversion and deflection strategies for persons with OUD and any co-occurring SUD/MH conditions, including established strategies such as:
 1. Self-referral strategies such as the Angel Programs or the Police Assisted Addiction Recovery Initiative (PAARI);
 2. Active outreach strategies such as the Drug Abuse Response Team (DART) model;
 3. “Naloxone Plus” strategies, which work to ensure that individuals who have received naloxone to reverse the effects of an overdose are then linked to treatment programs or other appropriate services;
 4. Officer prevention strategies, such as the Law Enforcement Assisted Diversion (LEAD) model;
 5. Officer intervention strategies such as the Leon County, Florida Adult Civil Citation Network or the Chicago Westside Narcotics Diversion to Treatment Initiative; or
 6. Co-responder and/or alternative responder models to address OUD-related 911 calls with greater SUD expertise.
2. Support pre-trial services that connect individuals with OUD and any co-occurring SUD/MH conditions to evidence-informed treatment, including MAT, and related services.
3. Support treatment and recovery courts that provide evidence-based options for persons with OUD and any co-occurring SUD/MH conditions.
4. Provide evidence-informed treatment, including MAT, recovery support, harm reduction, or other appropriate services to individuals with OUD and any co-occurring SUD/MH conditions who are incarcerated in jail or prison.
5. Provide evidence-informed treatment, including MAT, recovery support, harm reduction, or other appropriate services to individuals with OUD and any co-occurring SUD/MH conditions who are leaving jail or prison have recently left jail

or prison, are on probation or parole, are under community corrections supervision, or are in re-entry programs or facilities.

6. Support critical time interventions (CTI), particularly for individuals living with dual-diagnosis OUD/serious mental illness, and services for individuals who face immediate risks and service needs and risks upon release from correctional settings.
7. Provide training on best practices for addressing the needs of criminal-justice-involved persons with OUD and any co-occurring SUD/MH conditions to law enforcement, correctional, or judicial personnel or to providers of treatment, recovery, harm reduction, case management, or other services offered in connection with any of the strategies described in this section.

E. ADDRESS THE NEEDS OF PREGNANT OR PARENTING WOMEN AND THEIR FAMILIES, INCLUDING BABIES WITH NEONATAL ABSTINENCE SYNDROME

Address the needs of pregnant or parenting women with OUD and any co-occurring SUD/MH conditions, and the needs of their families, including babies with neonatal abstinence syndrome (NAS), through evidence-based or evidence-informed programs or strategies that may include, but are not limited to, the following:

1. Support evidence-based or evidence-informed treatment, including MAT, recovery services and supports, and prevention services for pregnant women – or women who could become pregnant – who have OUD and any co-occurring SUD/MH conditions, and other measures to educate and provide support to families affected by Neonatal Abstinence Syndrome.
2. Expand comprehensive evidence-based treatment and recovery services, including MAT, for uninsured women with OUD and any co-occurring SUD/MH conditions for up to 12 months postpartum.
3. Training for obstetricians or other healthcare personnel that work with pregnant women and their families regarding treatment of OUD and any co-occurring SUD/MH conditions.
4. Expand comprehensive evidence-based treatment and recovery support for NAS babies; expand services for better continuum of care with infant-need dyad; expand long-term treatment and services for medical monitoring of NAS babies and their families.
5. Provide training to health care providers who work with pregnant or parenting women on best practices for compliance with federal requirements that children born with Neonatal Abstinence Syndrome get referred to appropriate services and receive a plan of safe care.
6. Child and family supports for parenting women with OUD and any co-occurring SUD/MH conditions.

7. Enhanced family supports and child care services for parents with OUD and any co-occurring SUD/MH conditions.
8. Provide enhanced support for children and family members suffering trauma as a result of addiction in the family; and offer trauma-informed behavioral health treatment for adverse childhood events.
9. Offer home-based wrap-around services to persons with OUD and any co-occurring SUD/MH conditions, including but not limited to parent skills training.
10. Support for Children's Services – Fund additional positions and services, including supportive housing and other residential services, relating to children being removed from the home and/or placed in foster care due to custodial opioid use.

PART TWO: PREVENTION

F. PREVENT OVER-PRESCRIBING AND ENSURE APPROPRIATE PRESCRIBING AND DISPENSING OF OPIOIDS

Support efforts to prevent over-prescribing and ensure appropriate prescribing and dispensing of opioids through evidence-based or evidence-informed programs or strategies that may include, but are not limited to, the following:

1. Fund medical provider education and outreach regarding best prescribing practices for opioids consistent with the Guidelines for Prescribing Opioids for Chronic Pain from the U.S. Centers for Disease Control and Prevention, including providers at hospitals (academic detailing).
2. Training for health care providers regarding safe and responsible opioid prescribing, dosing, and tapering patients off opioids.
3. Continuing Medical Education (CME) on appropriate prescribing of opioids.
4. Support for non-opioid pain treatment alternatives, including training providers to offer or refer to multi-modal, evidence-informed treatment of pain.
5. Support enhancements or improvements to Prescription Drug Monitoring Programs (PDMPs), including but not limited to improvements that:
 1. Increase the number of prescribers using PDMPs;
 2. Improve point-of-care decision-making by increasing the quantity, quality, or format of data available to prescribers using PDMPs, by improving the interface that prescribers use to access PDMP data, or both; or
 3. Enable states to use PDMP data in support of surveillance or intervention strategies, including MAT referrals and follow-up for individuals identified within PDMP data as likely to experience OUD in a manner that complies with all relevant privacy and security laws and rules.

6. Ensuring PDMPs incorporate available overdose/naloxone deployment data, including the United States Department of Transportation's Emergency Medical Technician overdose database in a manner that complies with all relevant privacy and security laws and rules.
7. Increase electronic prescribing to prevent diversion or forgery.
8. Educate Dispensers on appropriate opioid dispensing.

G. PREVENT MISUSE OF OPIOIDS

Support efforts to discourage or prevent misuse of opioids through evidence-based or evidence-informed programs or strategies that may include, but are not limited to, the following:

1. Fund media campaigns to prevent opioid misuse.
2. Corrective advertising or affirmative public education campaigns based on evidence.
3. Public education relating to drug disposal.
4. Drug take-back disposal or destruction programs.
5. Fund community anti-drug coalitions that engage in drug prevention efforts.
6. Support community coalitions in implementing evidence-informed prevention, such as reduced social access and physical access, stigma reduction – including staffing, educational campaigns, support for people in treatment or recovery, or training of coalitions in evidence-informed implementation, including the Strategic Prevention Framework developed by the U.S. Substance Abuse and Mental Health Services Administration (SAMHSA).
7. Engage non-profits and faith-based communities as systems to support prevention.
8. Fund evidence-based prevention programs in schools or evidence-informed school and community education programs and campaigns for students, families, school employees, school athletic programs, parent-teacher and student associations, and others.
9. School-based or youth-focused programs or strategies that have demonstrated effectiveness in preventing drug misuse and seem likely to be effective in preventing the uptake and use of opioids.
10. Create of support community-based education or intervention services for families, youth, and adolescents at risk for OUD and any co-occurring SUD/MH conditions.
11. Support evidence-informed programs or curricula to address mental health needs of young people who may be at risk of misusing opioids or other drugs, including emotional modulation and resilience skills.

12. Support greater access to mental health services and supports for young people, including services and supports provided by school nurses, behavioral health workers or other school staff, to address mental health needs in young people that (when not properly addressed) increase the risk of opioid or another drug misuse.

H. PREVENT OVERDOSE DEATHS AND OTHER HARMS (HARM REDUCTION)

Support efforts to prevent or reduce overdose deaths or other opioid-related harms through evidence-based or evidence-informed programs or strategies that may include, but are not limited to, the following:

1. Increase availability and distribution of naloxone and other drugs that treat overdoses for first responders, overdose patients, individuals with OUD and their friends and family members, schools, community navigators and outreach workers, persons being released from jail or prison, or other members of the general public.
2. Public health entities providing free naloxone to anyone in the community.
3. Training and education regarding naloxone and other drugs that treat overdoses for first responders, overdose patients, patients taking opioids, families, schools, community support groups, and other members of the general public.
4. Enable school nurses and other school staff to respond to opioid overdoses, and provide them with naloxone, training, and support.
5. Expand, improve, or develop data tracking software and applications for overdoses/naloxone revivals.
6. Public education relating to emergency responses to overdoses.
7. Public education relating to immunity and Good Samaritan laws.
8. Educate first responders regarding the existence and operation of immunity and Good Samaritan laws.
9. Syringe service programs and other evidence-informed programs to reduce harms associated with intravenous drug use, including supplies, staffing, space, peer support services, referrals to treatment, fentanyl checking, connections to care, and the full range of harm reduction and treatment services provided by these programs.
10. Expand access to testing and treatment for infectious diseases such as HIV and Hepatitis C resulting from intravenous opioid use.
11. Support mobile units that offer or provide referrals to harm reduction services, treatment, recovery supports, health care, or other appropriate services to persons that use opioids or persons with OUD and any co-occurring SUD/MH conditions.
12. Provide training in harm reduction strategies to health care providers, students, peer recovery coaches, recovery outreach specialists, or other professionals that provide

care to persons who use opioids or persons with OUD and any co-occurring SUD/MH conditions.

13. Support screening for fentanyl in routine clinical toxicology testing.

PART THREE: OTHER STRATEGIES

I. FIRST RESPONDERS

In addition to items in section C, D and H relating to first responders, support the following:

1. Educate law enforcement or other first responders regarding appropriate practices and precautions when dealing with fentanyl or other drugs.
2. Provision of wellness and support services for first responders and others who experience secondary trauma associated with opioid-related emergency events.

J. LEADERSHIP, PLANNING AND COORDINATION

Support efforts to provide leadership, planning, coordination, facilitations, training and technical assistance to abate the opioid epidemic through activities, programs, or strategies that may include, but are not limited to, the following:

1. Statewide, regional, local or community regional planning to identify root causes of addiction and overdose, goals for reducing harms related to the opioid epidemic, and areas and populations with the greatest needs for treatment intervention services, and to support training and technical assistance and other strategies to abate the opioid epidemic described in this opioid abatement strategy list.
2. A dashboard to (a) share reports, recommendations, or plans to spend opioid settlement funds; (b) to show how opioid settlement funds have been spent; (c) to report program or strategy outcomes; or (d) to track, share or visualize key opioid- or health-related indicators and supports as identified through collaborative statewide, regional, local or community processes.
3. Invest in infrastructure or staffing at government or not-for-profit agencies to support collaborative, cross-system coordination with the purpose of preventing overprescribing, opioid misuse, or opioid overdoses, treating those with OUD and any co-occurring SUD/MH conditions, supporting them in treatment or recovery, connecting them to care, or implementing other strategies to abate the opioid epidemic described in this opioid abatement strategy list.
4. Provide resources to staff government oversight and management of opioid abatement programs.

K. TRAINING

In addition to the training referred to throughout this document, support training to abate the opioid epidemic through activities, programs, or strategies that may include, but are not limited to, the following:

1. Provide funding for staff training or networking programs and services to improve the capability of government, community, and not-for-profit entities to abate the opioid crisis.
2. Support infrastructure and staffing for collaborative cross-system coordination to prevent opioid misuse, prevent overdoses, and treat those with OUD and any co-occurring SUD/MH conditions, or implement other strategies to abate the opioid epidemic described in this opioid abatement strategy list (e.g., health care, primary care, pharmacies, PDMPs, etc.).

L. RESEARCH

Support opioid abatement research that may include, but is not limited to, the following:

1. Monitoring, surveillance, data collection and evaluation of programs and strategies described in this opioid abatement strategy list.
2. Research non-opioid treatment of chronic pain.
3. Research on improved service delivery for modalities such as SBIRT that demonstrate promising but mixed results in populations vulnerable to opioid use disorders.
4. Research on novel harm reduction and prevention efforts such as the provision of fentanyl test strips.
5. Research on innovative supply-side enforcement efforts such as improved detection of mail-based delivery of synthetic opioids.
6. Expanded research on swift/certain/fair models to reduce and deter opioid misuse within criminal justice populations that build upon promising approaches used to address other substances (e.g. Hawaii HOPE and Dakota 24/7).
7. Epidemiological surveillance of OUD-related behaviors in critical populations including individuals entering the criminal justice system, including but not limited to approaches modeled on the Arrestee Drug Abuse Monitoring (ADAM) system.
8. Qualitative and quantitative research regarding public health risks and harm reduction opportunities within illicit drug markets, including surveys of market participants who sell or distribute illicit opioids.
9. Geospatial analysis of access barriers to MAT and their association with treatment engagement and treatment outcomes.

EXHIBIT E

List of Opioid Remediation Uses

**Schedule A
Core Strategies**

States and Qualifying Block Grantees shall choose from among the abatement strategies listed in Schedule B. However, priority shall be given to the following core abatement strategies ("*Core Strategies*").¹⁴

A. **NALOXONE OR OTHER FDA-APPROVED DRUG TO
REVERSE OPIOID OVERDOSES**

1. Expand training for first responders, schools, community support groups and families; and
2. Increase distribution to individuals who are uninsured or whose insurance does not cover the needed service.

B. **MEDICATION-ASSISTED TREATMENT ("MAT")
DISTRIBUTION AND OTHER OPIOID-RELATED
TREATMENT**

1. Increase distribution of MAT to individuals who are uninsured or whose insurance does not cover the needed service;
2. Provide education to school-based and youth-focused programs that discourage or prevent misuse;
3. Provide MAT education and awareness training to healthcare providers, EMTs, law enforcement, and other first responders; and
4. Provide treatment and recovery support services such as residential and inpatient treatment, intensive outpatient treatment, outpatient therapy or counseling, and recovery housing that allow or integrate medication and with other support services.

¹⁴ As used in this Schedule A, words like "expand," "fund," "provide" or the like shall not indicate a preference for new or existing programs.

C. **PREGNANT & POSTPARTUM WOMEN**

1. Expand Screening, Brief Intervention, and Referral to Treatment (“*SBIRT*”) services to non-Medicaid eligible or uninsured pregnant women;
2. Expand comprehensive evidence-based treatment and recovery services, including MAT, for women with co-occurring Opioid Use Disorder (“*OUD*”) and other Substance Use Disorder (“*SUD*”) / Mental Health disorders for uninsured individuals for up to 12 months postpartum; and
3. Provide comprehensive wrap-around services to individuals with OUD, including housing, transportation, job placement/training, and childcare.

D. **EXPANDING TREATMENT FOR NEONATAL ABSTINENCE SYNDROME (“*NAS*”)**

1. Expand comprehensive evidence-based and recovery support for NAS babies;
2. Expand services for better continuum of care with infant-need dyad; and
3. Expand long-term treatment and services for medical monitoring of NAS babies and their families.

E. **EXPANSION OF WARM HAND-OFF PROGRAMS AND RECOVERY SERVICES**

1. Expand services such as navigators and on-call teams to begin MAT in hospital emergency departments;
2. Expand warm hand-off services to transition to recovery services;
3. Broaden scope of recovery services to include co-occurring SUD or mental health conditions;
4. Provide comprehensive wrap-around services to individuals in recovery, including housing, transportation, job placement/training, and childcare; and
5. Hire additional social workers or other behavioral health workers to facilitate expansions above.

F. **TREATMENT FOR INCARCERATED POPULATION**

1. Provide evidence-based treatment and recovery support, including MAT for persons with OUD and co-occurring SUD/MH disorders within and transitioning out of the criminal justice system; and
2. Increase funding for jails to provide treatment to inmates with OUD.

G. **PREVENTION PROGRAMS**

1. Funding for media campaigns to prevent opioid use (similar to the FDA's "Real Cost" campaign to prevent youth from misusing tobacco);
2. Funding for evidence-based prevention programs in schools;
3. Funding for medical provider education and outreach regarding best prescribing practices for opioids consistent with the 2016 CDC guidelines, including providers at hospitals (academic detailing);
4. Funding for community drug disposal programs; and
5. Funding and training for first responders to participate in pre-arrest diversion programs, post-overdose response teams, or similar strategies that connect at-risk individuals to behavioral health services and supports.

H. **EXPANDING SYRINGE SERVICE PROGRAMS**

1. Provide comprehensive syringe services programs with more wrap-around services, including linkage to OUD treatment, access to sterile syringes and linkage to care and treatment of infectious diseases.

I. **EVIDENCE-BASED DATA COLLECTION AND
RESEARCH ANALYZING THE EFFECTIVENESS OF THE
ABATEMENT STRATEGIES WITHIN THE STATE**

Schedule B
Approved Uses

Support treatment of Opioid Use Disorder (OUD) and any co-occurring Substance Use Disorder or Mental Health (SUD/MH) conditions through evidence-based or evidence-informed programs or strategies that may include, but are not limited to, the following:

PART ONE: TREATMENT

A. TREAT OPIOID USE DISORDER (OUD)

Support treatment of Opioid Use Disorder (“OUD”) and any co-occurring Substance Use Disorder or Mental Health (“SUD/MH”) conditions through evidence-based or evidence-informed programs or strategies that may include, but are not limited to, those that:¹⁵

1. Expand availability of treatment for OUD and any co-occurring SUD/MH conditions, including all forms of Medication-Assisted Treatment (“MAT”) approved by the U.S. Food and Drug Administration.
2. Support and reimburse evidence-based services that adhere to the American Society of Addiction Medicine (“ASAM”) continuum of care for OUD and any co-occurring SUD/MH conditions.
3. Expand telehealth to increase access to treatment for OUD and any co-occurring SUD/MH conditions, including MAT, as well as counseling, psychiatric support, and other treatment and recovery support services.
4. Improve oversight of Opioid Treatment Programs (“OTPs”) to assure evidence-based or evidence-informed practices such as adequate methadone dosing and low threshold approaches to treatment.
5. Support mobile intervention, treatment, and recovery services, offered by qualified professionals and service providers, such as peer recovery coaches, for persons with OUD and any co-occurring SUD/MH conditions and for persons who have experienced an opioid overdose.
6. Provide treatment of trauma for individuals with OUD (*e.g.*, violence, sexual assault, human trafficking, or adverse childhood experiences) and family members (*e.g.*, surviving family members after an overdose or overdose fatality), and training of health care personnel to identify and address such trauma.
7. Support evidence-based withdrawal management services for people with OUD and any co-occurring mental health conditions.

¹⁵ As used in this Schedule B, words like “expand,” “fund,” “provide” or the like shall not indicate a preference for new or existing programs.

8. Provide training on MAT for health care providers, first responders, students, or other supporting professionals, such as peer recovery coaches or recovery outreach specialists, including telementoring to assist community-based providers in rural or underserved areas.
9. Support workforce development for addiction professionals who work with persons with OUD and any co-occurring SUD/MH conditions.
10. Offer fellowships for addiction medicine specialists for direct patient care, instructors, and clinical research for treatments.
11. Offer scholarships and supports for behavioral health practitioners or workers involved in addressing OUD and any co-occurring SUD/MH or mental health conditions, including, but not limited to, training, scholarships, fellowships, loan repayment programs, or other incentives for providers to work in rural or underserved areas.
12. Provide funding and training for clinicians to obtain a waiver under the federal Drug Addiction Treatment Act of 2000 ("*DATA 2000*") to prescribe MAT for OUD, and provide technical assistance and professional support to clinicians who have obtained a DATA 2000 waiver.
13. Disseminate of web-based training curricula, such as the American Academy of Addiction Psychiatry's Provider Clinical Support Service—Opioids web-based training curriculum and motivational interviewing.
14. Develop and disseminate new curricula, such as the American Academy of Addiction Psychiatry's Provider Clinical Support Service for Medication-Assisted Treatment.

B. SUPPORT PEOPLE IN TREATMENT AND RECOVERY

Support people in recovery from OUD and any co-occurring SUD/MH conditions through evidence-based or evidence-informed programs or strategies that may include, but are not limited to, the programs or strategies that:

1. Provide comprehensive wrap-around services to individuals with OUD and any co-occurring SUD/MH conditions, including housing, transportation, education, job placement, job training, or childcare.
2. Provide the full continuum of care of treatment and recovery services for OUD and any co-occurring SUD/MH conditions, including supportive housing, peer support services and counseling, community navigators, case management, and connections to community-based services.
3. Provide counseling, peer-support, recovery case management and residential treatment with access to medications for those who need it to persons with OUD and any co-occurring SUD/MH conditions.

4. Provide access to housing for people with OUD and any co-occurring SUD/MH conditions, including supportive housing, recovery housing, housing assistance programs, training for housing providers, or recovery housing programs that allow or integrate FDA-approved medication with other support services.
5. Provide community support services, including social and legal services, to assist in deinstitutionalizing persons with OUD and any co-occurring SUD/MH conditions.
6. Support or expand peer-recovery centers, which may include support groups, social events, computer access, or other services for persons with OUD and any co-occurring SUD/MH conditions.
7. Provide or support transportation to treatment or recovery programs or services for persons with OUD and any co-occurring SUD/MH conditions.
8. Provide employment training or educational services for persons in treatment for or recovery from OUD and any co-occurring SUD/MH conditions.
9. Identify successful recovery programs such as physician, pilot, and college recovery programs, and provide support and technical assistance to increase the number and capacity of high-quality programs to help those in recovery.
10. Engage non-profits, faith-based communities, and community coalitions to support people in treatment and recovery and to support family members in their efforts to support the person with OUD in the family.
11. Provide training and development of procedures for government staff to appropriately interact and provide social and other services to individuals with or in recovery from OUD, including reducing stigma.
12. Support stigma reduction efforts regarding treatment and support for persons with OUD, including reducing the stigma on effective treatment.
13. Create or support culturally appropriate services and programs for persons with OUD and any co-occurring SUD/MH conditions, including new Americans.
14. Create and/or support recovery high schools.
15. Hire or train behavioral health workers to provide or expand any of the services or supports listed above.

C. CONNECT PEOPLE WHO NEED HELP TO THE HELP THEY NEED
(CONNECTIONS TO CARE)

Provide connections to care for people who have—or are at risk of developing—OUD and any co-occurring SUD/MH conditions through evidence-based or evidence-informed programs or strategies that may include, but are not limited to, those that:

1. Ensure that health care providers are screening for OUD and other risk factors and know how to appropriately counsel and treat (or refer if necessary) a patient for OUD treatment.
2. Fund SBIRT programs to reduce the transition from use to disorders, including SBIRT services to pregnant women who are uninsured or not eligible for Medicaid.
3. Provide training and long-term implementation of SBIRT in key systems (health, schools, colleges, criminal justice, and probation), with a focus on youth and young adults when transition from misuse to opioid disorder is common.
4. Purchase automated versions of SBIRT and support ongoing costs of the technology.
5. Expand services such as navigators and on-call teams to begin MAT in hospital emergency departments.
6. Provide training for emergency room personnel treating opioid overdose patients on post-discharge planning, including community referrals for MAT, recovery case management or support services.
7. Support hospital programs that transition persons with OUD and any co-occurring SUD/MH conditions, or persons who have experienced an opioid overdose, into clinically appropriate follow-up care through a bridge clinic or similar approach.
8. Support crisis stabilization centers that serve as an alternative to hospital emergency departments for persons with OUD and any co-occurring SUD/MH conditions or persons that have experienced an opioid overdose.
9. Support the work of Emergency Medical Systems, including peer support specialists, to connect individuals to treatment or other appropriate services following an opioid overdose or other opioid-related adverse event.
10. Provide funding for peer support specialists or recovery coaches in emergency departments, detox facilities, recovery centers, recovery housing, or similar settings; offer services, supports, or connections to care to persons with OUD and any co-occurring SUD/MH conditions or to persons who have experienced an opioid overdose.
11. Expand warm hand-off services to transition to recovery services.
12. Create or support school-based contacts that parents can engage with to seek immediate treatment services for their child; and support prevention, intervention, treatment, and recovery programs focused on young people.
13. Develop and support best practices on addressing OUD in the workplace.

14. Support assistance programs for health care providers with OUD.
15. Engage non-profits and the faith community as a system to support outreach for treatment.
16. Support centralized call centers that provide information and connections to appropriate services and supports for persons with OUD and any co-occurring SUD/MH conditions.

D. ADDRESS THE NEEDS OF CRIMINAL JUSTICE-INVOLVED PERSONS

Address the needs of persons with OUD and any co-occurring SUD/MH conditions who are involved in, are at risk of becoming involved in, or are transitioning out of the criminal justice system through evidence-based or evidence-informed programs or strategies that may include, but are not limited to, those that:

1. Support pre-arrest or pre-arraignment diversion and deflection strategies for persons with OUD and any co-occurring SUD/MH conditions, including established strategies such as:
 1. Self-referral strategies such as the Angel Programs or the Police Assisted Addiction Recovery Initiative (“*PAARI*”);
 2. Active outreach strategies such as the Drug Abuse Response Team (“*DART*”) model;
 3. “Naloxone Plus” strategies, which work to ensure that individuals who have received naloxone to reverse the effects of an overdose are then linked to treatment programs or other appropriate services;
 4. Officer prevention strategies, such as the Law Enforcement Assisted Diversion (“*LEAD*”) model;
 5. Officer intervention strategies such as the Leon County, Florida Adult Civil Citation Network or the Chicago Westside Narcotics Diversion to Treatment Initiative; or
 6. Co-responder and/or alternative responder models to address OUD-related 911 calls with greater SUD expertise.
2. Support pre-trial services that connect individuals with OUD and any co-occurring SUD/MH conditions to evidence-informed treatment, including MAT, and related services.
3. Support treatment and recovery courts that provide evidence-based options for persons with OUD and any co-occurring SUD/MH conditions.

4. Provide evidence-informed treatment, including MAT, recovery support, harm reduction, or other appropriate services to individuals with OUD and any co-occurring SUD/MH conditions who are incarcerated in jail or prison.
5. Provide evidence-informed treatment, including MAT, recovery support, harm reduction, or other appropriate services to individuals with OUD and any co-occurring SUD/MH conditions who are leaving jail or prison or have recently left jail or prison, are on probation or parole, are under community corrections supervision, or are in re-entry programs or facilities.
6. Support critical time interventions (“CTP”), particularly for individuals living with dual-diagnosis OUD/serious mental illness, and services for individuals who face immediate risks and service needs and risks upon release from correctional settings.
7. Provide training on best practices for addressing the needs of criminal justice-involved persons with OUD and any co-occurring SUD/MH conditions to law enforcement, correctional, or judicial personnel or to providers of treatment, recovery, harm reduction, case management, or other services offered in connection with any of the strategies described in this section.

E. ADDRESS THE NEEDS OF PREGNANT OR PARENTING WOMEN AND THEIR FAMILIES, INCLUDING BABIES WITH NEONATAL ABSTINENCE SYNDROME

Address the needs of pregnant or parenting women with OUD and any co-occurring SUD/MH conditions, and the needs of their families, including babies with neonatal abstinence syndrome (“NAS”), through evidence-based or evidence-informed programs or strategies that may include, but are not limited to, those that:

1. Support evidence-based or evidence-informed treatment, including MAT, recovery services and supports, and prevention services for pregnant women—or women who could become pregnant—who have OUD and any co-occurring SUD/MH conditions, and other measures to educate and provide support to families affected by Neonatal Abstinence Syndrome.
2. Expand comprehensive evidence-based treatment and recovery services, including MAT, for uninsured women with OUD and any co-occurring SUD/MH conditions for up to 12 months postpartum.
3. Provide training for obstetricians or other healthcare personnel who work with pregnant women and their families regarding treatment of OUD and any co-occurring SUD/MH conditions.
4. Expand comprehensive evidence-based treatment and recovery support for NAS babies; expand services for better continuum of care with infant-need dyad; and expand long-term treatment and services for medical monitoring of NAS babies and their families.

5. Provide training to health care providers who work with pregnant or parenting women on best practices for compliance with federal requirements that children born with NAS get referred to appropriate services and receive a plan of safe care.
6. Provide child and family supports for parenting women with OUD and any co-occurring SUD/MH conditions.
7. Provide enhanced family support and child care services for parents with OUD and any co-occurring SUD/MH conditions.
8. Provide enhanced support for children and family members suffering trauma as a result of addiction in the family; and offer trauma-informed behavioral health treatment for adverse childhood events.
9. Offer home-based wrap-around services to persons with OUD and any co-occurring SUD/MH conditions, including, but not limited to, parent skills training.
10. Provide support for Children's Services—Fund additional positions and services, including supportive housing and other residential services, relating to children being removed from the home and/or placed in foster care due to custodial opioid use.

PART TWO: PREVENTION

F. PREVENT OVER-PRESCRIBING AND ENSURE APPROPRIATE PRESCRIBING AND DISPENSING OF OPIOIDS

Support efforts to prevent over-prescribing and ensure appropriate prescribing and dispensing of opioids through evidence-based or evidence-informed programs or strategies that may include, but are not limited to, the following:

1. Funding medical provider education and outreach regarding best prescribing practices for opioids consistent with the Guidelines for Prescribing Opioids for Chronic Pain from the U.S. Centers for Disease Control and Prevention, including providers at hospitals (academic detailing).
2. Training for health care providers regarding safe and responsible opioid prescribing, dosing, and tapering patients off opioids.
3. Continuing Medical Education (CME) on appropriate prescribing of opioids.
4. Providing Support for non-opioid pain treatment alternatives, including training providers to offer or refer to multi-modal, evidence-informed treatment of pain.
5. Supporting enhancements or improvements to Prescription Drug Monitoring Programs ("PDMPs"), including, but not limited to, improvements that:

1. Increase the number of prescribers using PDMPs;
2. Improve point-of-care decision-making by increasing the quantity, quality, or format of data available to prescribers using PDMPs, by improving the interface that prescribers use to access PDMP data, or both; or
3. Enable states to use PDMP data in support of surveillance or intervention strategies, including MAT referrals and follow-up for individuals identified within PDMP data as likely to experience OUD in a manner that complies with all relevant privacy and security laws and rules.
6. Ensuring PDMPs incorporate available overdose/naloxone deployment data, including the United States Department of Transportation's Emergency Medical Technician overdose database in a manner that complies with all relevant privacy and security laws and rules.
7. Increasing electronic prescribing to prevent diversion or forgery.
8. Educating dispensers on appropriate opioid dispensing.

G. PREVENT MISUSE OF OPIOIDS

Support efforts to discourage or prevent misuse of opioids through evidence-based or evidence-informed programs or strategies that may include, but are not limited to, the following:

1. Funding media campaigns to prevent opioid misuse.
2. Corrective advertising or affirmative public education campaigns based on evidence.
3. Public education relating to drug disposal.
4. Drug take-back disposal or destruction programs.
5. Funding community anti-drug coalitions that engage in drug prevention efforts.
6. Supporting community coalitions in implementing evidence-informed prevention, such as reduced social access and physical access, stigma reduction—including staffing, educational campaigns, support for people in treatment or recovery, or training of coalitions in evidence-informed implementation, including the Strategic Prevention Framework developed by the U.S. Substance Abuse and Mental Health Services Administration (“SAMHSA”).
7. Engaging non-profits and faith-based communities as systems to support prevention.

8. Funding evidence-based prevention programs in schools or evidence-informed school and community education programs and campaigns for students, families, school employees, school athletic programs, parent-teacher and student associations, and others.
9. School-based or youth-focused programs or strategies that have demonstrated effectiveness in preventing drug misuse and seem likely to be effective in preventing the uptake and use of opioids.
10. Create or support community-based education or intervention services for families, youth, and adolescents at risk for OUD and any co-occurring SUD/MH conditions.
11. Support evidence-informed programs or curricula to address mental health needs of young people who may be at risk of misusing opioids or other drugs, including emotional modulation and resilience skills.
12. Support greater access to mental health services and supports for young people, including services and supports provided by school nurses, behavioral health workers or other school staff, to address mental health needs in young people that (when not properly addressed) increase the risk of opioid or another drug misuse.

H. PREVENT OVERDOSE DEATHS AND OTHER HARMS (HARM REDUCTION)

Support efforts to prevent or reduce overdose deaths or other opioid-related harms through evidence-based or evidence-informed programs or strategies that may include, but are not limited to, the following:

1. Increased availability and distribution of naloxone and other drugs that treat overdoses for first responders, overdose patients, individuals with OUD and their friends and family members, schools, community navigators and outreach workers, persons being released from jail or prison, or other members of the general public.
2. Public health entities providing free naloxone to anyone in the community.
3. Training and education regarding naloxone and other drugs that treat overdoses for first responders, overdose patients, patients taking opioids, families, schools, community support groups, and other members of the general public.
4. Enabling school nurses and other school staff to respond to opioid overdoses, and provide them with naloxone, training, and support.
5. Expanding, improving, or developing data tracking software and applications for overdoses/naloxone revivals.
6. Public education relating to emergency responses to overdoses.

7. Public education relating to immunity and Good Samaritan laws.
8. Educating first responders regarding the existence and operation of immunity and Good Samaritan laws.
9. Syringe service programs and other evidence-informed programs to reduce harms associated with intravenous drug use, including supplies, staffing, space, peer support services, referrals to treatment, fentanyl checking, connections to care, and the full range of harm reduction and treatment services provided by these programs.
10. Expanding access to testing and treatment for infectious diseases such as HIV and Hepatitis C resulting from intravenous opioid use.
11. Supporting mobile units that offer or provide referrals to harm reduction services, treatment, recovery supports, health care, or other appropriate services to persons that use opioids or persons with OUD and any co-occurring SUD/MH conditions.
12. Providing training in harm reduction strategies to health care providers, students, peer recovery coaches, recovery outreach specialists, or other professionals that provide care to persons who use opioids or persons with OUD and any co-occurring SUD/MH conditions.
13. Supporting screening for fentanyl in routine clinical toxicology testing.

PART THREE: OTHER STRATEGIES

I. FIRST RESPONDERS

In addition to items in section C, D and H relating to first responders, support the following:

1. Education of law enforcement or other first responders regarding appropriate practices and precautions when dealing with fentanyl or other drugs.
2. Provision of wellness and support services for first responders and others who experience secondary trauma associated with opioid-related emergency events.

J. LEADERSHIP, PLANNING AND COORDINATION

Support efforts to provide leadership, planning, coordination, facilitations, training and technical assistance to abate the opioid epidemic through activities, programs, or strategies that may include, but are not limited to, the following:

1. Statewide, regional, local or community regional planning to identify root causes of addiction and overdose, goals for reducing harms related to the opioid epidemic, and areas and populations with the greatest needs for treatment

intervention services, and to support training and technical assistance and other strategies to abate the opioid epidemic described in this opioid abatement strategy list.

2. A dashboard to (a) share reports, recommendations, or plans to spend opioid settlement funds; (b) to show how opioid settlement funds have been spent; (c) to report program or strategy outcomes; or (d) to track, share or visualize key opioid- or health-related indicators and supports as identified through collaborative statewide, regional, local or community processes.
3. Invest in infrastructure or staffing at government or not-for-profit agencies to support collaborative, cross-system coordination with the purpose of preventing overprescribing, opioid misuse, or opioid overdoses, treating those with OUD and any co-occurring SUD/MH conditions, supporting them in treatment or recovery, connecting them to care, or implementing other strategies to abate the opioid epidemic described in this opioid abatement strategy list.
4. Provide resources to staff government oversight and management of opioid abatement programs.

K. TRAINING

In addition to the training referred to throughout this document, support training to abate the opioid epidemic through activities, programs, or strategies that may include, but are not limited to, those that:

1. Provide funding for staff training or networking programs and services to improve the capability of government, community, and not-for-profit entities to abate the opioid crisis.
2. Support infrastructure and staffing for collaborative cross-system coordination to prevent opioid misuse, prevent overdoses, and treat those with OUD and any co-occurring SUD/MH conditions, or implement other strategies to abate the opioid epidemic described in this opioid abatement strategy list (*e.g.*, health care, primary care, pharmacies, PDMPs, etc.).

L. RESEARCH

Support opioid abatement research that may include, but is not limited to, the following:

1. Monitoring, surveillance, data collection and evaluation of programs and strategies described in this opioid abatement strategy list.
2. Research non-opioid treatment of chronic pain.
3. Research on improved service delivery for modalities such as SBIRT that demonstrate promising but mixed results in populations vulnerable to opioid use disorders.

4. Research on novel harm reduction and prevention efforts such as the provision of fentanyl test strips.
5. Research on innovative supply-side enforcement efforts such as improved detection of mail-based delivery of synthetic opioids.
6. Expanded research on swift/certain/fair models to reduce and deter opioid misuse within criminal justice populations that build upon promising approaches used to address other substances (*e.g.*, Hawaii HOPE and Dakota 24/7).
7. Epidemiological surveillance of OUD-related behaviors in critical populations, including individuals entering the criminal justice system, including, but not limited to approaches modeled on the Arrestee Drug Abuse Monitoring (“ADAM”) system.
8. Qualitative and quantitative research regarding public health risks and harm reduction opportunities within illicit drug markets, including surveys of market participants who sell or distribute illicit opioids.
9. Geospatial analysis of access barriers to MAT and their association with treatment engagement and treatment outcomes.

City of Biddeford Opioid Use Settlement Fund Tracking and Reporting Ordinance

Article I: Purpose and Title

1.1 This Ordinance shall be known as the "Opioid Use Settlement Fund Tracking and Reporting Ordinance".

1.2 The purpose of this Ordinance is to establish a transparent and accountable system for the management, tracking, and reporting of all revenues and expenses associated with the Opioid Use Settlement Fund in the City of Biddeford.

Article II: Establishment of a Dedicated Account

2.1 The City Manager or appropriate fiscal officer is hereby directed to establish a dedicated account, to be known as the "Opioid Use Settlement Fund."

2.2 All revenues received from opioid settlements or related activities shall be deposited directly into this separate account.

2.3 Expenses related to the opioid crisis or pursuant to the approved strategic plan as outlined in Article IV will be drawn from this account.

Article III: Reporting Requirements

3.1 The Finance Director or appropriate fiscal officer shall provide a detailed annual report to the City Council on the Opioid Use Settlement Fund.

3.2 Each report shall include, at a minimum:

- a) Total revenues received since the previous report.
- b) A categorized list of all expenses made from the Fund since the previous report.
- c) A summary of the current balance of the Fund.
- d) Any other relevant information deemed necessary by the City Council.

Article IV: Strategic Planning

4.1 The City Council shall develop and approve a strategic plan

detailing the operational use of the Opioid Use Settlement Fund revenues every two years.

4.2 The strategic plan shall include:

- a) Specific goals and objectives related to the use of the funds.
- b) Detailed budget projections.
- c) Expected outcomes and performance metrics.
- d) Strategies for community engagement and input.

4.3 Any substantial changes or amendments to the strategic plan will require City Council approval.

4.4 Expenditures from the Opioid Use Settlement Fund exceeding **\$10,000** or not explicitly approved in the strategic plan or outside its scope must be approved by the City Council prior to disbursement.

Article V: Implementation and Review

5.1 This Ordinance shall take effect thirty (30) days after its passage.

5.2 The City Council shall review the effectiveness of this Ordinance and make necessary amendments as deemed appropriate, but at a minimum, every two years coinciding with the strategic planning process.

Passed this ____ day of _____, **2024**.
